Addendum #1

Merced Union High School District

Solar Photovoltaic Power Purchase Agreement(s) F427-19

To All Potential Bidders:

The Request for Bids (RFB) is modified as set forth in this Addendum. The original RFB Documents remain in full force and effect, except as modified by this Addendum, which is hereby made part of the RFB, please acknowledge this addendum as part of the RFB documents in your RFB submittal. Respondent shall take this Addendum into consideration when preparing and submitting proposal.

Request for Information:

1. Please provide the delivery address for the proposal hard copies.
A. 2130 Spacecraft Drive Atwater, CA 95301
2. Please provide 12 months of monthly and 15-minute demand interval data for each site. Without the utility data, we cannot size the solar systems.
A. This has been requested from MUHSD utilities companies and will be distributed when received.
3. Please let us know where the solar panels can be installed at each site.
A. To be negotiated
4. Is there a potential for installing ground-mount solar at any site? Ground-mount solar is financially very attractive compared to parking canopies.
A. To be negotiated
5. Please confirm the date and time of Project Site Conference. We have 8/6 and 8/16 mentioned on different pages of the RFP.
A. Project Conference location 2130 Spacecraft Drive Atwater, CA 95301
6. Please confirm the due date and time for the RFP. We have 8/23 and 8/30 mentioned on different places in the RFP.
A. Proposal is due Friday, 8/30/19 @ 10am, 2130 Spacecraft Drive Atwater CA 95301
7. Please confirm the due date and time for the RFP. We have 8/23 and 8/30 mentioned on different places in the RFP.
A. California Public School Districts

8. Please confirm the due date and time for the RFP. We have 8/23 and 8/30 mentioned on different places in the RFP.
 - A. **To be negotiated**
9. Can you provide the meter numbers and service voltages of all the meters that the solar projects need to be connected to? If not, will we have the opportunity to look at all the meters during the Project Site Conference?
 - A. **Meter numbers and service voltage will be available during the short list process.**
10. **You mentioned that there are trees that need to be protected. Please identify those trees on the site layouts.**
 - A. **To be negotiated**
